

OneList™

Connecting you to multiple imaging centers and delivering your results to those that need them
Simplify your work with the OneList Workflow Solution using ImageWebGate®
-All Over The Web

**Integrated
Interoperable
Interactive Healthcare**

OneList connects the radiologists to multiple PACS and RIS installations which are integrated into a single worklist for reading and resulting in an interactive system combining RIS, PACS, and dictation available over the Web.

Results are delivered to the referring provider and made available directly over the Web. The integration of **imsiRIS-X²**, **imsiPACS**, and **imsiVOICE-Interactive** provides a comfortable platform for web based diagnostic reading.

• Cloud Hosted Application Software
